The Public Service Commission has recommended the following principles for adoption in the matter of fixing higher initial pay to Ex-Service men :—

(*a*) In the case of a person appointed after 1st January 1947 to a reserved vacancy in a post, the scale of pay of which has been revised with effect from that date, his initial pay must be fixed in the revised scale at a stage which he would have drawn had he rendered service in that post for a period which is equal to the length of his constructive war service and for purposes of calculating weightage, the G.O. No. Fl. 2682-2741—S. & A. 25-47-20, dated 14th October 1947, issuing instructions regarding grant of weightage to officials in the revised scales of pay may be applied in the case of Ex-Servicemen also.

(*b*) Further, the period of war service rendered before 1st April 1941 or before the date of a person attained the age of 23 in the case of Brahmins and 26 in the case of Backward Communities (*i.e.*, two years less than the prescribed age limit for entry into service) whichever is later, shall not be taken into account for purpose of determining war service.

(*c*) These concessions may be made applicable only to those who have been or will be appointed in reserved vacancies for Ex-Servicemen.

The recommendations of the Public Service Commission are approved.

A. C. NIRVANI GOWDA,
Secretary to Government,
Education Department.

FINANCIAL SECRETARIAT

No. Fl. (B) 5417-517—Bud. 16-52-1, Dated Bangalore, the 1st September 1952.

FROM

The Secretary to the Government of Mysore,
Finance Department (Budget).

To

All Estimating Officers.

SIR,

Subject.—**Budget 1953-54—Appendix 'B' Estimates—Pay of Officers, Establishment and other fixed allowances.**

As a preliminary to the preparation of the Budget Estimates for 1953-54, Appendix B containing the details for the undermentioned heads on the expenditure side, pertaining to fixed charges, has to be framed in the first instance :—

(*a*) Pay of Officers.
(*b*) Pay of Establishment.
(*c*) Allowances and Honoraria—

(i) T.A. Fixed.
(ii) High Price and Dearness Allowance.
(iii) Other Allowances.

2. The allowances that can be included under items (*a*) and (*b*) above are Personal, Deputation and Duty Allowances. All other allowances [excepting (*c*) (i) and (ii)] such as Special Locality Allowance, House Rent Allowance, Ration and Uniform Allowance, etc., have to be included under (*c*) (iii).

3. Estimates for 1953-54 have to be furnished in the skeleton forms of Appendix B pages (which will follow shortly) relating to heads of which you are concerned and sent to this office (Financial Secretariat, Budget) not later than 10th October 1952 with subsidiary statements showing details of calculation working up to each item of provision (Annexure 3) accompanied by explanation in in the form (*vide* Annexure 1) for the variations from the corresponding number and provision of 1952-53.

4. It is imperative that the Estimates framed by Heads of Departments are based on the information compiled or collected from the subordinate officers in the prescribed form (*vide* Annexure 2). This annexure with names is intended to provide data for the Estimates and to serve as working sheet and hence need not be sent to the Finance Department while returning the Appendix B pages. It is sufficient if the Estimates furnished are supported by a statement (Annexure 2) showing only numbers on different rates of pay.

5. The following are some of the important points to be kept in view while preparing the Estimates :—

(*a*) *Pay of Officers and Pay of Establishment.*—The number of posts (with authoritative explanation for variation, if any), the rate of pay, the rate and nature of allowances should be furnished in the text of the details for each item for which a total is given in the inner column. Permanent establishment should be distinguished from Temporary and when provision only for a fraction of the period is made for the latter, the period should be specified. The Estimates should ordinarily be based on sanction existing as on 1st September 1952 and on the pay as it would stand on 1st April 1953, making the provision for increments falling due subsequently during the year. (The method of calculating increments to be included in the provision is explained in the Note to Annexure 3). Any sanction accorded subsequent to the despatch of the Estimates, vitally affecting the same may be intimated separately before 1st January 1953 indicating details of posts, the provision and the appropriate place in the Appendix. Pay and allowances of an officer for a month become due only at the end of the month. Accordingly, for sanctions expiring on 31st March 1953, provision for one month has to be made in the estimates of 1953-54. If, however, provision for further period or full year is necessary, the same may be indicated, taking appropriate action for obtaining sanction before the date on which such sanction ceases. Provision on the basis of minimum pay may be made in respect of vacant posts indicating them specifically.

(*b*) With regard to T.A. fixed, the head comprises F.T.A. and C.A. and such details have to be furnished as are susceptible of verifying the provision asked for.

(*c*) *High Price and Dearness Allowances.*—The details may be indicated such as for example 2 (40), 3 (35), 7 (27-8-0), 15 (17) and 30 (15), which should bear relation to the number of posts, the pay and the Headquarters of the posts to which they refer.

(*d*) With regard to "Other Allowances," the nature of the allowance, the designation of the officers entitled to it, the number and rate should be clearly indicated. When details cannot be conveniently entered in full, only rate and the number of persons drawing each allowance need be entered, further details about designation of the officers being given in an annexure.

(*e*) The details should strictly confine to the Budget head to which the charges are debitable. Thus, for instance, if the Deputy Commissioner has several Establishments whose pay is debitable to different Major Heads, the details and Estimates should be separate and distinct.

6. Immediate action should be taken to have the details ready so that the skeleton pages (referred to in paragraph 3 above) when received could be returned duly completed without any loss of time whatsoever.

7. The Budget work cannot start earlier nor close later than the dates fixed for the purpose. As the entire work has to proceed as per schedule, **utmost priority** has to be given to Budget Returns, adhering to due dates, by bestowing your personal attention in the matter.

202

8. Posts already retrenched should be omitted and variations explained. If further retrenchments are proposed, the same should be indicated in a separate statement and not merged in the regular Estimates.

Yours faithfully,

M. SHAMANNA,

Secretary to Government,
Finance Department.

Note:—Provision for increments falling due in the course of the year has to be made as follows:—

1. If the increment falls due on 1st April of the year, provision for 11 months only need be made as the pay for the month of March would be paid in April which is a debit for the following year.

*2. If the increment falls due on or before 15th (when the month consists of less than 31 days) and 16th (when the month has 31 days) respectively of any month, provision for the full month has to be made (E.g.—Please see statement below)

**3. If on the other hand it falls due after the above dates specified in any month, that month may be ignored while making provision for increments (E.g.—Please see statement below).

Reference	Increments due on	Provision to be made for	Remarks
*	13th May 1953 ...	10 months ...	The month of May is to be taken into account and the amount due is paid in June. Hence payments made in the months of June to March are taken into account, i.e., 10 months.
**	17th August 1953 ...	6 months ...	The month of August is ignored. Payments due for the months of September to February are paid in October to March respectively and hence provision for 6 months alone need be made.

Prescribes the Calendar for Budget Work, 1953-54.

ORDER NO. FL. (B). 5337-5416—BUD. 15-52-1, DATED BANGALORE, THE 1ST SEPTEMBER 1952.

The attached Calendar for regulating the Budget work for 1953-54 is approved. The object with which an interval is allowed for several items of work is to secure an even flow of work in the Financial Secretariat (Budget) and thus avoid rush of work in the last stages. All estimating officers are requested *not* to take up the entire interval but to see that **top priority** is given to the Budget work and the returns are sent direct to the Budget Branch of the Finance Department as soon as they are completed without waiting for the prescribed date.

2. All estimates are to be framed with the greatest possible care and with particular regard to sanctions and actual requirements. Those relating to heads of receipts should aim at forecasting the realisable result as closely as possible; and those relating to expenditure heads—Revenue and Capital—should be limited to absolute minimum requirements.

3. As in the case of previous years the estimates have to be prepared in two parts—Part I comprising of Revenue and normal expenditure and Part II consisting of expenditure relating to Development Schemes. Part II has been readjusted so as to correspond only to schemes as shown in the five-year plan. Thus Schemes included in the five-year plan may be shown only in Vol. II.

4. Sanctions to establishment and other recurring charges which were communicated on or before 15th September 1952 need alone be ordinarily taken into account in framing the expenditure estimates. But a list of fresh sanctions should be sent to the Finance Department as on 1st January 1953, immediately after that date as in the previous years.

5. In the consolidated Budget Estimates, the totals of major heads should be worked to thousands of rupees and those of minor heads to even hundreds of rupees. This has to be kept in view in fixing the provision under individual heads of account.

6. The Director of Printing, Stationery and Publications, is requested to treat all Budget work as urgent and return the Budget sheets on the dates prescribed by the Finance Department. The Director is personally responsible to see that no delay occurs at any stage in the Press and that the Budget work is given highest priority.

7. Government desire to impress on all Heads of Departments that it is their duty to pay special attention to Budget work and to see that the time limits prescribed are not exceeded at any cost.

M. SHAMANNA,
Secretary to Government,
Finance Department.

Issues certain instructions regarding procedure to be adopted for Payment of Pension due to Government Servants.

READ—

Letter No. R. 3—1 P (V) Section dated the 21st April 1952, from the Accountant-General, Mysore, Bangalore, stating that instructions regarding the procedure to be adopted for payment of pension due to a Government servant who is not in a position to manage his/her own affairs, by the nomination of a manager or guardian by the sanctioning authority, for the purpose of receiving, on behalf of the pensioner, the amount of pension due, are contained in Rule 348 of the Central Treasury Rules, Volume I, and that a similar procedure may be followed in the State also, as the Mysore Codes do not at present contain the procedure to be followed in such cases.

ORDER NO. FL. (B) 4701-80—PEN. 126-52-2, DATED BANGALORE, THE 18TH AUGUST 1952.

The following instructions shall govern the payment of pension to a pensioner who is for any reason incapable of managing his/her own affairs :—

When a pensioner is incapable of managing his/her own affairs, and has no regularly appointed manager or guardian, the Deputy Commissioners may, on application by or on behalf of the pensioner, and subject to such conditions as they may impose, declare any suitable person to be the manager or guardian for the purpose of receiving, on behalf of the pensioner, the pension due to him/her, and payments of pension may be made to such manager or guardian in the same way as to the original holder, provided that sufficient proofs are forthcoming at the time of each payment of the original holder being alive and eligible to receive the pension for the period covered by the payment. Such declaration may, at any time, be revoked or altered at the discretion of the Deputy Commissioners.

Necessary amendments to the Mysore Civil Account Code, Volume I, will be issued in due course.
